

## WAKE ROBIN

### Weddings & Room Blocks 2023-2024

The Wake Robin hosts custom weddings, so we do not offer no pre-set packages. Instead, brides and grooms secure our location with a weekend site fee with the following key details. *These are guidelines only, subject to further conversation and final approval by the property.*

#### WEDDING WEEKEND PRICING

- The weekend (two-day) site fee is \$8,500 plus 6.35% CT tax.
- The fee includes the two-day reasonable functions use of the property for maximum 150 guests, including outdoor spaces for ceremony and optional tenting. We book no events onsite during your wedding weekend.
- All menu planning and required rentals including the outdoor tent are managed and directly billed by an approved, licensed caterer of your choice. One local caterer highly praised by wedding groups is: [Rita Welch Catering](#).
- With the site fee, you may bring in and serve alcohol beverages **if** fully managed from start to last guest departure by the approved caterer, whether the bar beverage service is informal or formal.
- Lodging (Bride & Groom): Your bridal suite is included for two nights in the weekend site fee.
- Lodging (Guests): The property offers up to 30 total lodging rooms, which would be booked and paid for directly by your guests and are not included in the site fee. You are not responsible for cancellations.
- We also require:
  - Weekend event insurance, as well as certificates of indemnity from outside vendors.
  - At least one dedicated one-site full-time catering staff member (or members) to provide continuous clean-up and attendant service to the wedding party and the wedding guests. Weekend lodging for this individual (or individuals) is provided free of charge by the Wake Robin.

#### STAND-ALONE ROOMS BLOCK (IF CELEBRATING ELSEWHERE IN THE AREA)

- 20 Main Inn rooms available for a stand-alone two-night lodging block, subject to availability. Two nearby wedding venues whose wedding guests often stay with us are: [Lion Rock Farm](#) and [Troutbeck](#).

#### SITE VISITS

- Site visits are offered May to October. We are closed November to April.
